# Wallpaper news: Spira!

**Garden dreams and horticultural fantasies. The need to bring nature into our homes is greater than ever. Nature offers something for everyone, whether it is just taking a breather, pottering in the garden or maybe embarking on a woodland adventure.**

The changing seasons, love of nature and modern geometry inspired us to create Spira, our latest collection. Duro's design team is deeply rooted in the Nordic tradition and with Spira we want to present our interpretation of Scandinavian flora in a purer form.

Spira contains timeless foliage and tendrils, vibrant flowery meadows and geometric shapes. The collection consists of 37 patterned wallpapers and 7 monochrome wallpapers that invite you to experiment with new colour combinations. All so that you find something that inspires you to bring nature into your home!

If you have questions regarding the collection or it's patterns you can contact designmanager Maria Bryngemark at 026-65 65 11 or [maria.bryngemark@durosweden.se](mailto:maria.bryngemark@durosweden.se).

Do you need high resolution images, wallpaper samples or other marketing material you can contact me 026-6565-07 or [malin.duberg@durosweden.se](mailto:malin.duberg@durosweden.se).
